

The Monarch R

The Monarch R pairs perfectly with our full suspension Dumont. Its lightweight design not only delivers silky smooth travel, but thanks to the Solo Air spring, it also delivers a spring rate you'd generally only get from a much heavier coil shock. So, you get a durable, fully adjustable shock capable of smoothing out rough terrain or trails, while simultaneously saving you weight for long distance riding.

Monarch R specifications:

EYE TO EYE / STROKE	165x38
