

CATRIKE
passion meets engineering 
made in USA 

Villager

High quality, adjustable Catrike, with extra wide cross member and high seat. It is easy to get on and off yet very stable.

Mirror and computer mount with Mirrycle mirror standard. Catrike adjustable alloy padded hand rest.

Catrike CNC sculpted dropouts.

TRAIL

Adjustable multi-purpose Catrike, with stable geometry and friendly ergonomics. It is great for novices and veterans alike.

Truly triangulated, air shock suspended Catrike.
A versatile ride for your favorite trail, commuting or any adventure.

State of the art, architectural swing arm featuring a Monarch® Rock Shox that is adjustable, lightweight and silky smooth.

Lightweight neck rest.
(Standard on Expedition and 700. Available as an accessory for all other models)

- Oversized pad
- Anti-rotation lock-pin
- Quick release adjustability

All-out speed Catrike. Its aerodynamic seating position, fast rolling 700c rear wheel and high gears, give it top performance.

EXPEDITION

Long wheel base sport-luxury Catrike.
Capable of handling heavy loads for long distance
touring and a fast performance ride.

FSA Gossamer Pro Triple with
MegaExo bottom bracket.

Catrike alloy axle nut and black spokes.

POCKET

Small space frame Catrike with big features.
It has a narrow track, is quick and lightweight.
Perfect for smaller riders.
